Employment Application 2022

Full or Part Time | Seasonal Farmworker

Thank you for your interest in working with us! We are a small family business with three locations. Our main busy season is March through October. We primarily do farm/greenhouse work involving growing plants and selling them to our customers. Overall, this is a physically demanding job that we do in all weather conditions, but we have a lot of fun doing it and it keeps us active. We try to be straight forward in this application to keep everyone's expectations of this job realistic.

At the current time we are looking to fill a wide variety of positions. There are a few non-negotiable qualities we look for regardless of position:

- All employees must be friendly and welcoming to customers and fellow employees. We can teach you everything you need to know for the job, but we can't teach you to have a positive attitude.
- Weekend availability is required. If you are unable/unwilling to work on the weekends, you most likely will not be a good fit. We do not require every weekend, but April and May we need weekend help.
- Prioritize this job in your schedule. We are extremely flexible and will set expectations for scheduling before you begin. Once you have a schedule, you are expected to stick to it. If you are someone who often calls off, shows up late, has emergencies pop up, is sick frequently, etc. this isn't going to be a good fit. Our work is time sensitive (plants like to be watered daily or they die) so you can't just do the work another time. If you said you are going to be here, then we expect you do be here. Obviously, emergencies do happen, and we understand that, but not weekly.
- Physical ability to work. To be honest, we have multiple part time people who work for us just because they like the physical activity. On the other hand, we have people who think they want to work outside and quit their desk job only to find it is substantially more difficult than they thought. You will be on your feet pretty much all day. We move plants around constantly and they can be heavy. One thing we like to be upfront about is that everybody pulls weeds. Regardless of age, gender, pay rate, full/part time, etc. everyone pulls weeds. This is sometimes a deal breaker for people when they are crawling under a table pulling weeds, so it's important that you know. We do not pull weeds every day, but you can expect 1-3 days out of the year you will pull up weeds.

Scheduling expectations:

Going into the 2022 season we are hiring all positions. We are looking for the following:

- Students after school 2 days per week and 1 weekend day
- Adults part time 2-3 days per week
- Full time adults 40-50 hours per week

Still sounds like you're a good fit? You're even ok with pulling a few weeds here and there? And you can work on the weekends? Please fill out the next pages:

Additionally, here are a few things you should note:

- We only pay for hours worked- there are no paid sick or vacation days.
- This is a seasonal position. The past few years we have been hiring people to work March to October, although employment may be shorter or longer.
- As we are operating in the agriculture industry and your job description is "farmworker" we do not pay overtime (FLSA(29 USC §201 et seq.; 29 CFR Parts 510 to 794))
- Open House weekend is April 23 & 24, 2022. We require all employees to work this weekend and the following two weekends (this is our busiest time of the year).
